

Polycarbonate Panels

POLYSTRONG™ PC

PolyStrong™ Polycarbonate panels feature the latest in product technology and are an effective alternative to traditional glazings in a wide variety of applications. Extensive research and development ensure all PolyStrong sheets have a high resistance to the harmful effects of weather. PolyStrong panels offer UV protection a standard and good impact resistance against hail damage. Available in R-Panel and Grand Rib III profiles.

HIGH LIGHT TRANSMISSION

PolyStrong Polycarbonate Sheets offer a high degree of light transmittance due to high optical properties: clear 90%, white 52% light transmission.

VIRTUALLY UNBREAKABLE

PolyStrong is economical and light weight, yet is 10 times stronger than acrylic and 200 times stronger than glass!

EASILY FABRICATED ON SITE

Highly flexible, a PolyStrong sheet will not crack or splinter when fabricated.

WARRANTY

PolyStrong carries a full 10 year non-prorated warranty against yellowing and a 5 year warranty against breakage caused by hail.
